

Expert in Stainless Steel Solutions

Marine Catering Equipment
Hospital and Laboratory Equipment

Kavika

Passion for Precision

Kavika has been providing high quality stainless steel equipment for hygiene conscious industries for several decades.

Our stainless steel work surfaces, casework components and sinks can be found from numerous hospital operating rooms, laboratories and clean rooms. For luxury liners and special purpose vessels we have built custom-made and highly durable marine catering equipment for rough conditions. In restaurants and shops Kavika's stainless steel furniture help to maintain high hygiene and efficient workflow.

Through continuous innovation and dedication we aim to assist our customers with their everyday tasks.
